

RIYO SURYA PUTRA

I am an entry-level Frontend Developer, currently transitioning into Web development, with a strong focus on building modern, Interactive, and Responsive user interfaces. I actively improving skills through self-directed learning and personal project using React.js, Vue.js, JavaScript, and Tailwind CSS hosted on GitHub. Experienced in developing UI components, managing application state, and integrating with REST API. I am also quick to learn and adapt to new tools and technologies.
